A Message from the Chair

Nick Kendall

To the Netball community of Northern Tasmania, I would like to thank you for the opportunity to represent you over the past 12 months. Due to a change in family circumstances, I am unable to continue in this role and take this opportunity to wish the incoming Chair all the best.

As I depart this role I would first and foremost like to thank the other members of the Board. The countless hours of work they put in to help govern a large organisation are not recognised widely enough and each and every member of the board has the best interests of Netball in Northern Tasmania at heart and their diligent efforts to continue to ensure all our netball community are heard and valued need to be applauded

I would like to recognise two people in particular who are integral to the continued success of our organisation. Firstly, our operations manager Tracy Jones. Her countless hours of work, her organisational skills and her ability to react calmly to every situation make her the ideal person for this role. Tracy has helped facilitate our programs into a well run machine and the fact that we are operating on a surplus for the year is in no small part due to her efficiency and effectiveness in this role.

Alongside Tracy is Blair who has been a tremendous support and a wonderful person to work alongside Tracy. The partnership they have developed is exceptional and the collaboration and openness has made them such an effective team. Blair has achieved so much in her own right and her ability to interact with the wider netball community and her organisational skills have been exceptional.

The Board has worked on many different issues throughout the course of the year. At the heart of every discussion, is the intent to provide the best possible experience for all our netballers. We share many common goals with our clubs and I would also recognise the amazing volunteers who work tirelessly for the NTNA clubs supporting the growth of Netball in Northern Tasmania.

One of the major undertakings has been the investigation into an indoor facility and while this remains a key goal for the board and for netball in the north, we understand that it may be some time before this dream becomes reality.

In the meantime, we have been working diligently with the Department of State Growth and the Launceston city council, along with architects and design companies in order to research further how we can significantly impact the facilities that we have at Hoblers Bridge.

Part of this investigation is centred around a pledge from the state government for funds to be directed towards this plan.

We are currently looking at the possibility of enhancing the facility with purpose built covering which would enable all year round netball. More information will be available on this as it comes to hand.

Player forums have been held and information from these forums has helped us shape the competition for the coming years and as always, the board appreciates the feedback of our members.

I thank the netball community for their ongoing efforts and look forward to receiving positive reports about this competition for many years to come.

Vice Chairperson

Julie Davis

Well done to all the clubs and teams that took part in all our netball competitions for 2022 whether it be our junior, midweek, social, mixed, or carnivals. It was great to see so many teams participating.

Congratulations to all our Grand Final winners and for all the participants I hope that you enjoyed participating in the game of netball and thank you for your involvement this season.

I sincerely hope to see you back on the court again next year.

Tracy Jones & Blair Smith have again done a fantastic job this year to keep our competitions running and our members informed. Our social rosters at the YMCA have been quite successful, and we are continuing our discussions with all relevant parties to retain & possibly increase our usage of these facilities beyond 2022.

The assistance of our many volunteers including our First Aid Officers, Match Officials, Scorers, Timekeepers and umpires is crucial to our association. Your contributions are an asset to our competitions and are very much appreciated by the NTNA Board and member associations.

I would also like to thank the members of the Northern Score Bench team for providing scorers for all our midweek finals.

Congratulations to our State League Clubs Northern Hawks & Cavaliers on another successful season.

Both clubs having teams making it to the final's series again this year, shows the depth of talent within our association. The Northern Hawks were successful in winning the Open's Premiership for 2022, remaining undefeated for the whole season, what a fantastic achievement. Our association has again been represented well in the Rep team carnivals at Devon, Launceston, Hobart & Kingston, well done to all those players selected.

The NTNA Board is continuing its pursuit of an indoor netball stadium in the north of Tasmania. We have secured a commitment and some funding from the state government. There is still a long way to go, but we are in it for the long haul.

To our outgoing NTNA board members, thank you for your contribution to our game & association. To those members that have nominated for an NTNA Board position, I say thank you for taking on another challenge to contribute to the future of northern netball.

Vice Chairperson

Angela Cresswell

It has been a fantastic opportunity to be a part of the NTNA Board in 2022 and I have enjoyed my first year as Vice Chairperson of the NTNA.

2022 was a challenging season with many teams and clubs affected by Covid throughout the year but regardless of this it was another great season of netball for all our participants. Well done to all players and clubs on a fantastic season and congratulations to all Premiership teams and individual award winners.

The NTNA Board is always looking to develop and improve netball for our members and after feedback from members regarding proposed changes to our structure a player survey was implemented and a player forum held to discuss those issues that were identified as important to members.

All of this information is extremely beneficial to the Board and will greatly assist with decision making moving forward and implementing any changes, initiatives and improvements identified through these processes. I look forward to the continual development and improvement of netball in the north providing the best opportunities for our members to participate in their chosen sport of netball.

Furthering the development of an indoor facility for netball in the northern region also continues to be a major focus for the NTNA Board and is an ongoing issue that requires much work by the Board to work towards the eventual outcome of a designated indoor netball facility. Although an outcome is still some time off it remains an ongoing focus and priority for the Board which we continue to work towards achieving.

Finally - special thanks to our wonderful administrative staff - Tracy & Blair - it would not be possible for our association to function without their dedication and hard work.

I look forward to another successful season of netball for the NTNA in 2023.

Publicity & Marketing

Jacinta Simeoni

This year one of our aims was to update our website to a new platform. Whilst this is still a work in progress, we have made some progress.

The website will be a platform to utilise for links to our competitions, rosters & carnivals, galleries of images, our history, links to policies, procedures and forms, athlete, umpire, coach and score bench pathways and opportunities. We are working hard in the background to continue with this.

Check out the website at:

www.ntna.org.au

Tracy & Blair have done a fantastic job and we have loads of ideas in how we can be better, but we need more sponsorship and resources to deliver on our ideas.

We have actively looked for sponsorship and you can see the work we are putting into the background starting to appear around the Hobblers Bridge Netball Centre.

Our social media presence is increasing and the use of our new logo will begin to increase over the next 24 months.

Many thanks to our ongoing sponsorship with Laser Clinic. They have been a great support to us over the last few years and it was fantastic to see their signage appear more prominently with a Courtside package.

We look forward to welcoming new sponsors in 2023.

A big thank you to Rob & Beck King for their ongoing support in all areas of marketing.

Our coverage in the media this year has been good thanks to some well timed media releases and some great stories from clubs. We encourage you to contact NTNA if your club has an exciting story so we can help share the news through our contacts - we are always looking for an excuse to share netball news!

Indoor Facility

Jacinta Simeoni

We have been working with the government on the outcome of the \$5 Million Dollar Grant towards a 4 court Indoor Facility at the Silverdome.

Our aim is to ensure that whatever works we do we can eventually have Junior and Senior competitions together at one location. It was this in mind as the Silverdome proved cost prohibitive, and \$5M was not going to build a 4 court facility, that we have made the decision to upgrade Hoblers Bridge with court covers, court and facility upgrades. There is a load of work to be completed in the background and we aim to begin construction work around this post 2023 season. Draft concepts will be available during our winter season.

In the background we are also utilising this grant to develop a business case study, work with government and councils to discuss a suitable location for our long term vision of a much larger community facility where netball is the major tenant. Our aim is to ensure that by the next Federal Election we are best placed to secure major funding.

My thanks goes to our Indoor Chair Committee: Nick Allen, Craig Boon, Tracy Jones, Michelle Cooley, Julie Davis, Grant Mawer, Geoff Page.

Operation Manager

Tracy Jones

In 2022, the Operations team had a big mission, which was to turn our finances around without losing memberships and adding to our membership fees. Whilst this wasn't our only objective, you will see from financials that we have achieved this to a degree. It is a long term plan to be financially viable for future years. We have offered more competitions in season 2022 for our members, which have grown to 1600 players, along with coaches, officials and volunteers. This is a massive growth from 2021 and can be attributed to the NTNA offering more competitions.

In February 2022 we offered the Twilight Carnival, which didn't have a sponsor. We had a huge uptake of junior participants with several clubs using it as part of their grading process. Mixed and Masters teams travelled from the North West and Meander regions to compete on a warm afternoon. It was a great success and we are looking to grow this carnival in 2023, playing the Mixed and Masters at the Silverdome.

We did have plans to have Australia's Biggest Morning tea for the community to come to our facility for a cup of tea or coffee and a biscuit.

All donations were to go to the Cancer Council, however due to a significant amount of people contracting Covid-19, we did not go ahead. We will have this planned for 2023.

GRANT FUNDING

The NTNA were successful in acquiring \$20,000 from the Round 7 Communities Grant from Bridget Archer. This money has been allocated to resurfacing Centre Court 1 which was last resurfaced in 2005. It is well overdue. We thank Bridget Archer for the support of the NTNA.

This year we introduced shortened games into the Midweek grading roster, with the aim of teams playing each other on the night they had nominated to play. These games were not awarded points or players votes. Competition and clubs could also nominate what night their teams were to play, rather than be graded over the three nights.

From player feedback, this concept was well received and we felt the competitions across the three nights was competitive. We once again had Grand Final week with both our midweek and junior competitions finishing in the same week.

It makes for an exciting week with many supporters out and about. Most grand finals were decided within 2-3 goals, with the most exciting being our Division 1 game between Amazonz and Gee Tees.

This was the first time Amazonz have had a team in Division 1 and it has been 15 years since Gee Tees won a Division 1 Grand Final. Gee Tees won by two goals after coming over the top of Amazonz in the last quarter.

For the pinnacle of our competition, it was great to see so many witness the Division 1 Grand Final and we hope this now is where our juniors want to strive for.

Our 17&Under Division 1 Grand Final was just as exciting with Amazonz pipping Generation by 4 goals at the final siren. The highlight also of both these games were the umpiring prowess of Rachael Stebbings officiating in these high level games.

It was an early start for our Junior Grand Final day with the introduction of the Presidents and Life Member Grand Final breakfast, kindly catered for by Banjos Bakery, Prospect. It was well attended by both Life Members and Club Presidents and it will be back in 2023. An overview of our season was presented at the Grand Final breakfast and the many old photos we had brought down to an appropriate level was well received. Jacinta Simeoni – Chair of the Indoor Facilities Committee also presented what we have been working on to be successful in getting an indoor facility. This, as you all know takes time and is slow going, however Jacinta continues to work tirelessly for this ultimate reward. We thank Jacinta for all the hard work she has been putting in campaigning local councillors and continuing talks she is having with State Government bodies.

Numbers have increased in 2022 for both our competitions with the Midweek roster having 67 teams registered and the Junior roster having 88 teams. Of these 88 teams, 13 were Net Set Go teams which gives the NTNA confidence going forward of our participation growth increasing.

Net Set Go Clinics commenced in October with most clubs running some form of clinic. This has been well received and there are a huge number of younger participants in these clinics. Well done to the club volunteers and older junior players running these.

We have tried for a few years to get a Women's and Mixed Social roster up and going over the winter period. The only night an indoor court facility was available was a Sunday night, and this was not favourable for our social members, only having three teams enter. In June 2022, the YMCA in Kings Meadows unfortunately closed, which meant an opportunity for us to pick up social roster teams. With negotiation with both Netball Tasmania and the City of Launceston, we were able to secure the two three quarter courts at the old YMCA and take over the social rosters. This has been lucrative for the NTNA with the first roster being offered of ten weeks on a Tuesday (Women's Social) and Wednesday (Mixed Social) nights.

We had a total of 22 teams in this roster. Our second roster for both these competitions is twelve weeks and we have had an increase in teams to 34. We hope to continue this relationship with the City of Launceston and Netball Tas into 2023.

We have 12 teams competing in the Junior Statewide Representative Carnivals in 2022, with two teams in each age group. All our teams have been developing their skills of Netball being led by our coaches who are putting their time into coaching our junior players. With the STNA Monica McDevitt Carnival being held outside our netball season in November 2022, this does drag the season out. With the courts at the Tasmanian Netball Centre currently being unavailable due to flooding, all coaches have been trying to source other venues to train at which has been increasingly difficult at this time of year. We hope the players and coaches have enjoyed their time in our Athlete Development program.

We are looking to make some changes to the team structures in 2023, which is very exciting.

October 2022 we were scheduled to hold the 6 week after school Primary roster. We use this roster to be able to introduce umpiring to our junior members in a non-competitive environment where they can hone their skills with an umpire mentor present. We were all ready for this, until the weather gods had other ideas and our courts were flooded. The decision was made to cancel this roster as NTNA were not sure how long the courts would be out of action for.

In the middle of our Midweek and Junior competitions, on a Thursday night we held Umpire Education sessions which were run by Rachael Stebbings, our very own National 'AA' badge umpire. There were 6 sessions which were well attended and these sessions covered a number of topics. We would like to keep these going in 2023 for the development of our umpires.

The Operations team have been doing a review of our policies after the winter competitions have been completed and are continually making improvements for the Review Committee to review before sending out to clubs. This is a massive job and is quite laborious. We hope clubs will take the time to read the changes so they can make an informed view before accepting or declining the changes.

Our policies are always evolving and we are trying to keep them current with Netball Australia member policies as well.

After the winter midweek and junior competitions had been completed the Operations team held a Season Planning forum with Club Presidents and Secretaries giving them an overview of ideas for 2023 as well as a review of the 2022 competitions. We thank everyone for taking the time to support this and we hope with some changes, this will make 2023 more exciting for you all.

In August 2022 a Midweek Player forum was conducted by Leigh Oswin, Community, Sport & Rec where reviews of our current competition was discussed. This was for players from all clubs who do not sit on a club committee. The forum was well represented by most clubs and lots of ideas came out of it, some of which we hope to implement in 2022.

At the end of our winter competitions, the NTNA love to get our members together to celebrate the year that was with our Annual Awards Night.

This year it was held the first Friday in September at the Silverdome in their main entrance. This was a great setting and we thank them for giving up their time to run the drinks station. We had a great turnout and we thank the Silverdome for the donation of the room, Cadootje for the gifts to our award recipients, Banjo's Bakery, Prospect for the food.

A special thank you to Blair Smith for the power point presentation and Angela Cresswell, Vice Chair of the Board for presenting the awards. This all contributed to a fantastic night.

In 2022, we had the pleasure of Katherine and her team at Laser Clinics Australia (Launceston) sponsoring the Northern Tasmanian Netball Association with our umpire development and our courtside package. It was wonderful to have her support and we hope we have this in 2023.

This year our junior competitions and carnivals had the bonus of Urban Coffee being in attendance. We thank them once again for their ongoing support of the Northern Tasmanian Netball Association and we look forward to working Jason and Trish once again in 2023.

Each year we outsource the operation of the canteen at the Tasmanian Netball Centre. This year, as in 2021, Food2U won the contract and we were thrilled to have them here every Saturday during the junior roster and on carnival days. We thank them also for their support.

The Operations team would also like to thank our regular Match Officials - Mel Hardinge, Claire Russell, Regina Blair and also our First Aid officers – Terry Murray, Nelson Overton and Mike Jessup for their work and efficiency in keeping games on time, managing spectators, officials and players and looking after the injured.

Friday 14th October 2022, we were hit by another flood, which had all our courts underwater. It did not get into the building, although the water was lapping the top step to the verandah area. Although this has put an end to NTNA using the courts at this stage until they are cleaned and sanitised, we can count ourselves very lucky it did not enter the building. The water did get to the same level as 2016, although this year it cleared away quite quickly.

We thank the City of Launceston for their efforts so far in the gradual clean up of the Tasmanian Netball Centre and we are looking forward to welcoming back our members to be able to use them again.

It would be remiss of me not mention our Administration Officer, Blair Smith. The amount of hours she puts in to ensure our fixturing is uploaded online through the new software platform, PlayHQ and also the amount of time she was onto Support to clean up any errors we noticed in the program. She was able to stay on top of her work, have votes and qualifying quarters out in a timely manner as well as managing the registrations of our players and their queries. I cannot thank her enough for her professionalism and her commitment to the NTNA.

I would also like to thank the NTNA Board of Management for their support over the past twelve months. It has been a pleasure to work with you all.

Junior Competition

Our junior games commenced in March in 2022, with the first 5 rounds as grading rounds within the roster. This year's season went for 15 rounds with an additional three rounds of finals, the weather was very kind to us as we were only washed out for 1 round early in the roster.

This year we had 88 teams in our roster, resulting in approximately 40 games each Saturday, 6 games being our NetSetGo roster.

We would like to thank the umpires, coaches and parents, who always had their children here on time and for volunteering to score, without all your help the season would not be possible .

A big thank you to Melissa Hardinge, our Match Official for keeping our junior roster running smoothly each and every Saturday.

Midweek Competition

Our 2022 Midweek season commenced in March for 18 rounds, with 3 rounds of finals. This year with a different grading format. This was partially received well by playing over three weeks shortened games with no premiership points awarded.

Teams were then graded accordingly. Due to having 68 teams nominate for the midweek competition over three nights, trying to fit them all in was a nightmare. We did it and got through the season with most week's having competitive games. Illness was also something else clubs had to deal with each week in fielding teams.

We would like to thank our Match Officials for keeping these games rolling each night as well as our Umpires for officiating, and finally the players for showing great sportsmanship both on and off the court.

Social Rosters

NTNA also ran two social rosters, these being played at the old YMCA building in Kings Meadows. Our first roster ran for 8 weeks with 10 womens teams and 12 mixed teams. Our second roster ran for 12 weeks and proved to be very popular with 14 womens teams and 20 mixed teams. What an amazing 2022 season we have had through all of our NTNA competitions.

Umpiring

Lily Spencer took on the role of Umpire Development Co-Ordinator this year. Lily helped co-ordinate umpire education sessions with Rachael Stebbings.

Sessions were well attended by umpires and they have benefited from the knowledge and expertise Rachael and Lily were able to pass on. We would like to acknowledge and thank Rachael for giving up her precious spare time to come and pass her enthusiasm for the game of Netball on to our umpires.

A school holiday clinic was held in October for umpires and was well attended.

Badging panels were set up during the year to assess some Foundation umpires.

The following umpires were successful in attaining their National C badge umpiring accreditation.

- Ella Churchill (Generation)
- Heidi Curtis (Amazonz)
- Jada Fitzgerald (Amazonz)
- Bec Fox (Clovers)
- Georgia Harmey (Gee Tees)
- Dione Lee (Deloraine)
- Emily O'Connor (Amazonz)

Erin Quillerat was successful in attaining her National B badge:

Lily Spencer was successful in attaining her National A badge:

Rachael Stebbings was successful in receiving her National AA badge.

We would also like to acknowledge Rachael on her appointment to the Suncorp Netball League as an umpire.

Athlete Development

It has been a long season for our 12 NTNA Representative teams with selections commencing in February, which we had to bring forward due to the Devon Carnival being held in April. All teams performed well. The next tournament was our NTNA carnival held over two weekends in the end of June and start of July. As we are writing this it was then off to the Monica McDevitt STNA Carnival in Hobart in early November. We congratulate all our teams for their participation and dedication to the NTNA Representative program. It has been quite tough for some of our teams who have had injuries and illness.

We have had many of our players represent State teams in season 2022. The Under 15's Team played in Adelaide and we congratulate the following players on representing the

state: Paige O'Neill, Mia Boyd, Mia Green, Sophie Brewer and Molly Green. We would also like to recognise the efforts of Katie O'Neill who was the coach of the Under 15 team.

The 17&U championships were held in Hobart this year. The following NTNA representatives were named in the team which finished 6th, the highest of any Tasmanian state team ever. Congratulations to Eunice Kidmas, Ellie Marshall, Hannah Carr, Ava Lockwood-Roden, Paige O'Neill and Sophie Blackberry.

Ellie Marshall and Paige O'Neill were also chosen from this Carnival to attend the AIS. Congratulations to both players.

The 19&Under championships were also held in Hobart with once again NTNA being well represented. Congratulations to Monique Dufty and Olive Morris.

Congratulations also go to our NTNA members who are part of the Netball Tas Development programs.

Finance

Andy Stuart

I have the pleasure of presenting the Financial Report of NTNA for the year ended 30 September 2022.

Statement of Income & Expenditure

Following the long period of COVID and the tumultuous effect upon our operations we have achieved a very satisfactory result due to the diligence and effort of our Operations Manager, Tracy Jones, and her operational team.

Whilst we have reported a minor loss for 2022, it is noted that it represents a significant improvement on operations from 2021. We still had a carry-over item from Netball Tasmania of fee collection, which will not exist in the years ahead now that they have fully implemented the online registration process.

Grant funding was interrupted by COVID once again but is being managed.

With the professional services of our administration staff, we are seeing better business opportunities being presented to the organisation which result in positive returns. The quick proposal to take-up the YMCA social roster opportunity is such an example.

This also represented Tracy negotiating successfully with Launceston City Council and Netball Tasmania for subsidised hire costs whilst we assessed the viability of this opportunity on our bottom line. Better office reporting with the transition to Xero also resulted in timeliness of reports and cost effectiveness.

KEY AREAS IN THE INCOME & EXPENDITURE

Income received from operating sources including affiliation fees, facility hire, and kiosk. Total income for the year was \$376,489, seeing an increase from the previous year.

Operating expenses totalled \$379,924 for the year. This has decreased from the previous year.

STATEMENT OF ASSETS & LIABILITIES

As at 30 September 2022, the net asset position was \$254,696. The Association remains in a position to continue trading into the future.

We maintain cash investments of \$277,016. Courtesy of ongoing efforts by the Board and Operations we have a \$5 Million grant for facilities development courtesy of strong election work on our behalf. This is being worked through to ensure the best outcomes for our local facilities can be achieved. It is not reported or represented in our financials in any way however.

Net assets continue to decrease each year due to operating losses. Despite the previous trend we are confident

that a positive profit should be attained in 2022-2023 based upon the efforts of Tracy Jones and her team.

SUMMARY

The Association has no borrowings, strong liquidity and remains in a sound financial position.

Due to the strength of operations that we have maintained, and the forecast we are hoping for next year, we have chosen not to recommend an increase in fees and charges. We hope this assists all players and families when they are faced with choices for their sporting opportunities. We will monitor this closely, as you would expect.

In closing, I extend my thanks to Tracy and Blair, plus all Directors, for an exceptional year. With operations now completely run by staff we rely upon their accuracy and commitment. Both Tracy and Blair have put in long hours and shown great commitment to our Association. We have had a terrific year courtesy of their efforts and I look forward to a successful year ahead.

Notes to the Financial Statements For the Year Ended 30 September 2022

1 Summary of Significant Accounting Policies

(a) Basis of Preparation

These financial statements are a special purpose financial report prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Act (TAS) 1964. The committee has determined that the not-for-profit Association is not a reporting entity.

The financial report has been prepared on an accruals basis and is based on historic costs and does not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

The following significant accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this financial report.

(b) Income Tax

The Association is exempt from income tax under Division 50 of the Income Tax Assessment Act 1997.

(c) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the balance sheet are shown inclusive of GST.

(d) Property, Plant and Equipment

Property, plant and equipment is carried at cost less, where applicable, any accumulated depreciation.

The depreciable amount of all property, plant and equipment is depreciated over the useful lives of the assets to the Association commencing from the time the asset is held ready for use.

(e) Employee benefits

Provision is made for the Association's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled.

Employee benefits expected to be settled more than twelve months after the end of the reporting period have been measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability, consideration is given to employee wage increases and the probability that the employee may satisfy vesting requirements. Cashflows are discounted using market yields on national government bonds with terms to maturity that match the expected timing of cashflows. Changes in the measurement of the liability are recognised in profit or loss.

Employee benefits are presented as current liabilities in the balance sheet if the Association does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date regardless of the classification of the liability for measurement purposes under AASB 119.

Statement by Members of the Committee

The committee has determined that the Association is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

In the opinion of the committee the financial report as set out on pages 1-6:

1. Presents fairly the financial position of Northern Tasmanian Netball Association Inc as at 30 September 2022 and its performance for the year ended on that date.
2. At the date of this statement, there are reasonable grounds to believe that Northern Tasmanian Netball Association Inc will be able to pay its debts as and when they fall due.

This statement is made in accordance with a resolution of the committee and is signed for and on behalf of the committee by:

President [Paula Kendall \(Nov 3, 2022 14:27 GMT+11\)](#)

Treasurer [Andy Stuart \(Nov 3, 2022 15:24 GMT+11\)](#)

Dated 03/11/2022

Independent Auditor's Report

To the Members of Northern Tasmanian Netball Association Inc

Report on the Audit of the Financial Report

We have audited the financial report, being a special purpose financial report of Northern Tasmanian Netball Association Inc (the Association), which comprises the balance sheet as at 30 September 2022, the statement of profit or loss for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the committee declaration.

Opinion

In our opinion:

- (a) the accompanying financial report presents fairly, in accordance with the accounting policies described in Note 1 to the financial statements, the financial position of Northern Tasmanian Netball Association Inc as at 30 September 2022, and its financial performance for the year then ended;
- (b) we obtained the information we required for the audit and Northern Tasmanian Netball Association Inc kept proper accounting records and other books during the year ended 30 September 2022; and
- (c) the rules relating to the administration of the funds of Northern Tasmanian Netball Association Inc have been observed.

Basis of Accounting

Without modifying our opinion, we draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the committee's financial reporting responsibilities under the *Associations Incorporation Act (Tasmania) 1964* ("the Act"). As a result, the financial report may not be suitable for another purpose.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Association in accordance with the auditor independence requirements of the Act and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Committee for the Financial Report

The committee of the Association are responsible for the preparation of the financial report that gives a true and fair view in accordance with the accounting policies described in Note 1 and the Act and for such internal control as the committee determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the committee are responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the committee either intend to liquidate the Association or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the committee.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
